

# Unique Services of Vancouver, Inc.

Unique Services of Vancouver, Inc. was created to provide caring, quality personal care services to seniors and disabled persons, in the privacy of their own homes.

During my 35 years of social work for adults and disabled children, my belief has remained that all people have the right to choose their own life style and where they want to live.

As an agency my staff is devoted to assisting our clients to remain, safely, in their own home.

Linda Kelly  
Administrator
